Shepard Ager joined Southpace in June of 2017 as an Associate Broker focusing on the Office and Industrial Divisions. Shepard received his Bachelor of Science degree in Business Administration from The University of Mississippi in 2011. His previous experience includes account management, logistics, and sales.

As an Associate Broker, Shepard provides both tenant and landlord representation for office and industrial properties, including both sales and leasing activity. Shepard uses his background in logistics as well as his in depth understanding of the market to ensure that each of his clients are presented with the best options in the acquisition or disposition of their real estate.

When not selling real estate, Shepard enjoys spending his time with his wife, baby on the way, and dog. If he is not at home, Shepard is most likely outdoors playing tennis or in the woods hunting or fishing.
